**Re: In the matter of Request for Review by RelComm, Inc. of Decision of  
Universal Service Administrator  
CC Docket No. 02-6, SLD Decision 1022916 and 1023492  
Year Six E-Rate, Billed Entity #123420: Atlantic City Board of  
Education  
Our file 13,586-1**

To Whom It May Concern:

As you are aware, this firm represents the interests of the Atlantic City Board of Education [ACBOE] as the result of a Request for Review filed on behalf of RelComm, Inc. to the Federal Communications Commission [FCC]. All parties have filed responses and replies with the FCC. The Atlantic City School District desperately seeks the release of funds and hereby respectfully requests that you consider this application in an expedited manner.

The computer system in the district is failing and requires upgrading as soon as possible. If this Honorable Commission determines that it is unable to review the application in an expedited manner, we would respectfully request that you carefully consider the Request for Waiver Pursuant to 47 C.F.R. §§54.725, which would permit the Administrator to disperse funds, despite the fact that this appeal has been filed. This matter has already been carefully reviewed by the New Jersey State Department of Education. The Schools and Libraries Division considered this district as part of an Item 22 Selective Review and concluded that the ACBOE satisfied the E-Rate bidding requirements. Moreover, the district is willing to serve as a guarantor and to certify to the FCC in advance that in the event that the RelComm Request for Review is granted and that the district will voluntarily pay back any funds that may have been dispersed to MTG.
